## MESSAGE FROM CITY MANAGER NED THOMAS

Our City is committed to promoting the health and well-being of all residents. We recognize that wellness is more than simply physical health – it includes mental, emotional, and social well-being, all of which are essential to leading fulfilling lives. As we celebrate National Wellness Month, let us recognize the need to prioritize wellness in all aspects of our lives. We can each do our part to make our City a healthier, happier place.

The City offers a range of programs and services – from fitness classes and mental health resources to community events that foster community connection and belonging. Our Fall Activity Guide describes a wide range of opportunities to help you fulfill your individual wellness journey. Visit [The Fall Activity Guide](#) for more information. I encourage you to try something new and take part in the programs that suit your needs. We are here to provide the tools and resources to support you.

For example, the Milpitas Assistance Program (MAP) offers eligible residents with discounts on recreation programs. MAP also provides assistance with water and sewer utility bills as well as building permit fees for replacement water heaters, furnace or air conditioner units, and electrical panels. Milpitas residents experiencing temporary financial hardship due to job loss, loss of the primary wage earner, or serious illness may also be eligible. Always remember that small steps can lead to big improvements in your overall health. Thank you to everyone for being an active part of our community. I wish you all a month filled with wellness and joy."
