City Hall Expands Hours to Include Full-Day Fridays

Milpitas, CA – March 3, 2025 – **FOR IMMEDIATE RELEASE**

The City of Milpitas is pleased to announce that, starting March 7, 2025, City Hall will once again be open all day on Fridays, ensuring greater accessibility and service for the community.

City Hall's Friday hours were reduced during the COVID-19 pandemic as the City adapted to evolving public health guidance and remote work solutions. While many City employees will continue to have flexible work arrangements, the commitment to providing excellent service remains a top priority.

"Our goal is to make sure City Hall is open and accessible to meet the needs of our residents," said City Manager Ned Thomas. "By extending our hours to full-day Fridays, we're reinforcing our commitment to responsive and convenient service."

With this change, City Hall will be open Monday through Friday during normal business hours, 8:00 a.m. to 5:00 p.m. Residents are encouraged to visit for in-person services, including utility bill payment and permit assistance, and many services will also remain available online for added convenience.

For more information about City Hall hours and services, visit www.milpitas.gov.

###

About the City of Milpitas

Located at the southern end of San Francisco Bay, Milpitas is a progressive community that is an integral part of Silicon Valley. A full-service city with water utility, sewer utility, police and fire services, Milpitas is a flourishing community with a very diverse and inclusive resident population of nearly 80,000. Often referred to as the Crossroads of Silicon Valley, the City is situated between major thoroughfares in the

Bay Area and considered a highly desirable location for world-class technology companies seeking to build a central base of operations. With the addition of the new Milpitas Transit Center offering BART, light rail, and bus service, and multiple new mixed-use development projects, along with a host of new City Plans and Programs in support of an inspiring and sustainable future, the City is at the forefront of building the next generation economy.
