THE OFFICIAL E-NEWSLETTER OF THE CITY OF MILPITAS

ASIAN AMERICAN NATIVE HAWAIIAN & PACIFIC ISLANDER HERITAGE MONTH

MESSAGE FROM INTERIM CITY MANAGER DEANNA J. SANTANA

May is a time to honor and celebrate the rich heritage, traditions, and contributions of Asian American, Native Hawaiian, and Pacific Islander (AANHPI) communities. These communities have made lasting impacts across American life—shaping advancements in science and medicine, enriching arts and literature, leading in politics, and influencing culture through music, sports, and entertainment.

Milpitas is proud to be a vibrant, diverse community that reflects the strength of these cultures. According to the US Census, Milpitas is home to a significant AANHPI population, with Asian Indians representing 21.3%, followed by 15% Chinese, 12.6% Filipino, 12.3% Vietnamese, 2% Korean, 0.9% Japanese, 3.4% other Asian groups, and 0.2% Native Hawaiian and Pacific Islanders. This diversity is also reflected within our City staff, where AANHPI employees help shape and serve our community every day. Their representation across departments demonstrates our ongoing commitment to building an inclusive and equitable workplace that mirrors the community we serve. Through ongoing initiatives and meaningful community engagement, we celebrate the rich stories, remarkable achievements, and enduring resilience of AANHPI individuals—not just during this month, but throughout the year. As we honor their lasting contributions, we reaffirm our shared commitment to building a more inclusive, compassionate, and united future where every voice is valued and everyone feels a true sense of belonging.

COUNCIL ADVANCES FY 2025-26 BUDGET, CUTS FIVE-YEAR DEFICIT BY 43%

On May 13, 2025, the Milpitas City Council held a Study Session to review the proposed FY 2025–26 Operating Budget. City staff presented a revised plan that cuts the projected five-year deficit by 43%—from \$28.5 million to \$16.3 million. The new plan balances the FY 2025–26 budget and potentially the following years, allowing time for further structural reforms. It also funds new initiatives aimed at stabilizing services, managing financial risks, and implementing a Fiscal Strategy Framework to enhance revenue generation and operational efficiency.

Following the Study Session, the City Council provided direction to move forward with the proposed budget, which is scheduled for final consideration and potential adoption on June 3. The meeting also emphasized the importance of community involvement in the budget process, with the Council encouraging residents to stay engaged and informed. Watch the public meeting [here](#).

“GO ELECTRIC, MILPITAS!” HELPS MILPITAS RESIDENTS SAVE WHILE GOING GREEN

Milpitas' newest program, “Go Electric, Milpitas!”, gives Milpitas residents exclusive access to \$3,600+ in add-on rebates on top of the approximately \$13,000 already available through Silicon Valley Clean Energy (SVCE). MILPITAS POLICE DEPARTMENT CONVERTS CRUISER INTO LIFE-SAVING RESCUE UNIT

Facing growing delays in ambulance response due to EMS staffing shortages, the Milpitas Police Department (PD) has taken a bold step to protect its own – transforming a standard patrol cruiser into a fully equipped emergency rescue vehicle designed to give wounded officers a fighting chance when seconds matter most. The custom-designed “load and go” vehicle allows for rapid field evacuation and en route medical aid for critically injured officers. Outfitted with a hard stretcher, oxygen, trauma gear, and AEDs, the rescue unit is purpose-built to bridge the critical gap between injury and hospital care. Milpitas PD hopes other agencies will follow suit, especially as EMS response challenges continue to grow nationwide.
