### **DESIGN AND PREPARATION OF STRUCTURAL DRAWINGS FOR HILLSIDE CONSTRUCTION**

Approved By:  
Building Official

The 2022 California Building Code Submittal Documents Section 107.1 and the California Residential Code Construction Documents Section R106.1 read in part,

“Where special conditions exist, the Building Official is authorized to require additional construction documents to be prepared by a registered design professional.”

Per these code sections, the Building Official stipulates that a registered Civil Engineer, Structural Engineer, or Architect licensed to practice in the State of California shall design all hillside structures. Said design professional shall provide all stamped and signed structural drawings.
