\_\_\_\_\_  
Signature of Applicant/Date

For PD Office use only

- The use of any loudspeakers or other noise amplifying devices is not permitted within any park in the City of Milpitas. I am granting an exception to the Noise Ordinance V-9-4.05 so that you may use amplified sound at your event. This is not an exemption to have a live band or instruments as it is not compatible with residents that live in that area. The Police Department will monitor the situation and if complaints are received, you will be asked not to use the loudspeakers/amplifiers.

APPROVED:
