- D. Title I, Chapter 2 - Purchasing, Ordinance No. 23.12. § 2, 5-5-09; Ord. 23.10 (part), 1/3/06
- E. Email from Meyers Nave contract attorneys for the City regarding “Post-Consumer recycled Products Use Requirement” 12/08/06

I. INTRODUCTION

The City of Milpitas is located near the southern tip of San Francisco Bay, forty-five miles south of San Francisco. With a population of approximately 80,273, Milpitas is a progressive community that is an integral part of the high-tech Silicon Valley. Milpitas features quality schools, conveniently located neighborhood parks and shopping centers and a population rich in diversity

Incorporated in 1954, Milpitas is a general law city operating under the City Council/City Manager form of government, Milpitas is a creative, forward-thinking city providing quality police, fire, water, streets, parks, engineering, planning and recreation services. The city is financially secure with an annual budget in excess of \$195 million. The operating budget in excess of \$173 million and the capital improvement budget in excess of \$22 million include all City services. The City provides the full range of services normally associated with a municipality, including fire, police, parks and recreation, planning, zoning and building, engineering, public works, utility service including water and sewer, and general administration. Solid waste collection is provided through a franchise arrangement with a local refuse collection service.

The City is committed to the conservation and protection of state and local resources and to the practice of reuse, reduce and recycling of multiple waste streams for the preservation and improvement of life for all of its citizens. To that effect, on December 17th, 2001, a Memorandum was issued by the City Engineer, Mike McNeely entitled "Recommendation on Environmental Preferable Procurement Policy and Product Stewardship Institute" (Exhibit C) accompanied by City of Milpitas "Policy Relating to Environmentally Preferable Procurement" (Exhibit B). Then in 2002 the city adopted Resolution No. 7139 "To Support Principles of Product Stewardship for Electronics Manufacturers and to Support Legislation Requiring Producer Responsibility for Cathode Ray Tubes" (Exhibit A). Finally in 2006 it incorporated many of those concepts into its Municipal Code under Title I, Chapter 2 - Purchasing, Ordinance No. 23.10. (Exhibit D). Last an email from Meyers Nave contract attorneys for the City regarding "Post-Consumer recycled Products Use Requirement" 12/08/06. (Exhibit E).

II. SUPPORTING PROGRAM ELEMENTS

The Program consists of the following four documents: (See: attached Environmental Policy Documents)

- A. Resolution No. 7139 "To Support Principles of Product Stewardship for Electronics Manufacturers and to Support Legislation Requiring Producer Responsibility for Cathode Ray Tubes" 2/05/2002
- B. City of Milpitas "Policy Relating to Environmentally Preferable Procurement"
- C. Memorandum entitled "Recommendation on Environmental Preferable Procurement Policy and Product Stewardship Institute" 12/17/01
- D. Title I, Chapter 2 - Purchasing, Ordinance No. 23.12. § 2, 5-5-09; Ord. 23.10 (part), 1/3/06
- E. Email from Meyers Nave contract attorneys for the City regarding "Post-Consumer recycled Products Use Requirement"

III. RECYCLED MATERIAL

City of Milpitas

2021 Recycling Amounts - Est. Annual Quantity

City Projects

1) CIP 4283 and 4298 – Street resurfacing 2021 Projects

a) Asphalt: 10,155 tons

b) Concrete: 298 tons

Public Works Volumes – Direct Haul

Concrete: 105.01 tons

Asphalt Waste: 0 tons

Dirt: 728.28 tons

Construction & Demolition: 0 tons

Brush: 0 tons

Wood Chips: 0 tons

Public Works Volumes – MSI Hauls

Concrete: 12.31 tons

Construction & Demolition: 5.39 tons

Brush: 13.12 tons

Yard Trimmings: 331.04 tons

Wood Chips 5.18 tons

Office Wastepaper / cardboard

Total = 2,808 cubic yards annually

Milpitas City Hall, 455 E. Calaveras Blvd.	= 4cyd 2x/wk
Sports Center, 1325 Calaveras Blvd.	= 4cyd 1x/wk
Senior Center, 40 N. Milpitas Blvd.	= 4cyd 1x/wk

IV. RECYCLED PROCUREMENT

Usage of recycled and recycled content material is on both a “one time” project basis and on-going throughout the year in the case of certain commodities. See attached report “Green Usage Report” on Office Supplies.

For the year 2021 the City was under contract to Staples for the period 1/1/21 to 12/31/2021. The report for green usage is attached.
