## NO SOLICITATION ORDINANCE

Starting January 1, 2025, the City of Milpitas has adopted a new law prohibiting unwanted visitors from intruding upon residential property in violation of properly posted signs.

PRIVACY PROTECTION

The ordinance protects a resident's right to choose by allowing them to post three different signs depending on who they want to allow onto their property:

### NO SOLICITORS

would prohibit solicitors offering a good or service or seeking contributions

### NO CANVASSERS

would prohibit canvassers distributing news, information, or views

### NO TRESPASSING

would prohibit any uninvited stranger, including both solicitors and canvassers

Even without a sign, uninvited visitors must follow a resident's order to leave their property.

Similarly, even if residents post a sign, they can always give permission to enter and withdraw this consent at any time. Exceptions apply for neighbors, deliveries, and others.

Organizations are responsible for informing those going door-to-door on their behalf about this new law.
