Splash Breakers

Ages: 5-13

Instructor: Recreation and Community Services

Location: Milpitas Sports Center

Splash Breakers is a fun, skill-building swim class designed for children ages 5 to 13. This program helps swimmers gain confidence in the water, increase awareness of water safety, and build a strong foundation of essential swimming techniques. On the first day of each session, all swimmers will be evaluated and placed in the appropriate group so instruction matches their ability level.

No prior experience is needed, and swimmers progress at their own pace. It is common to repeat this class several times before advancing. Whether starting from scratch or preparing for more advanced swimming, every child will leave Splash Breakers feeling stronger, more confident, and ready for the next challenge in the water.

There is a saying in the fitness industry: Straighten before strengthening! What this means is that proper form and execution of movement are first and foremost. It all starts with your core, which is the body's center of gravity and runs from the diaphragm to the pelvis. In this class, you will focus on learning how to properly engage your body as it moves through Pilates-type movements and stretches. Please bring your own floor mat (a thick-sized mat is recommended). Class is performed in bare feet or non-slip yoga socks. You may also want to bring a small neck pillow and/or a knee mat. If you want to improve your posture, balance, and strength, this class is for you!

PUBLIC ART SPOTLIGHT

Did you know that the City of Milpitas has more than two dozen pieces of public art adding color and culture to our City? Keep your eyes open for more coming soon! And check out this featured piece:

Circle of Time

by James Dihn, 2024

Granite stone and concrete

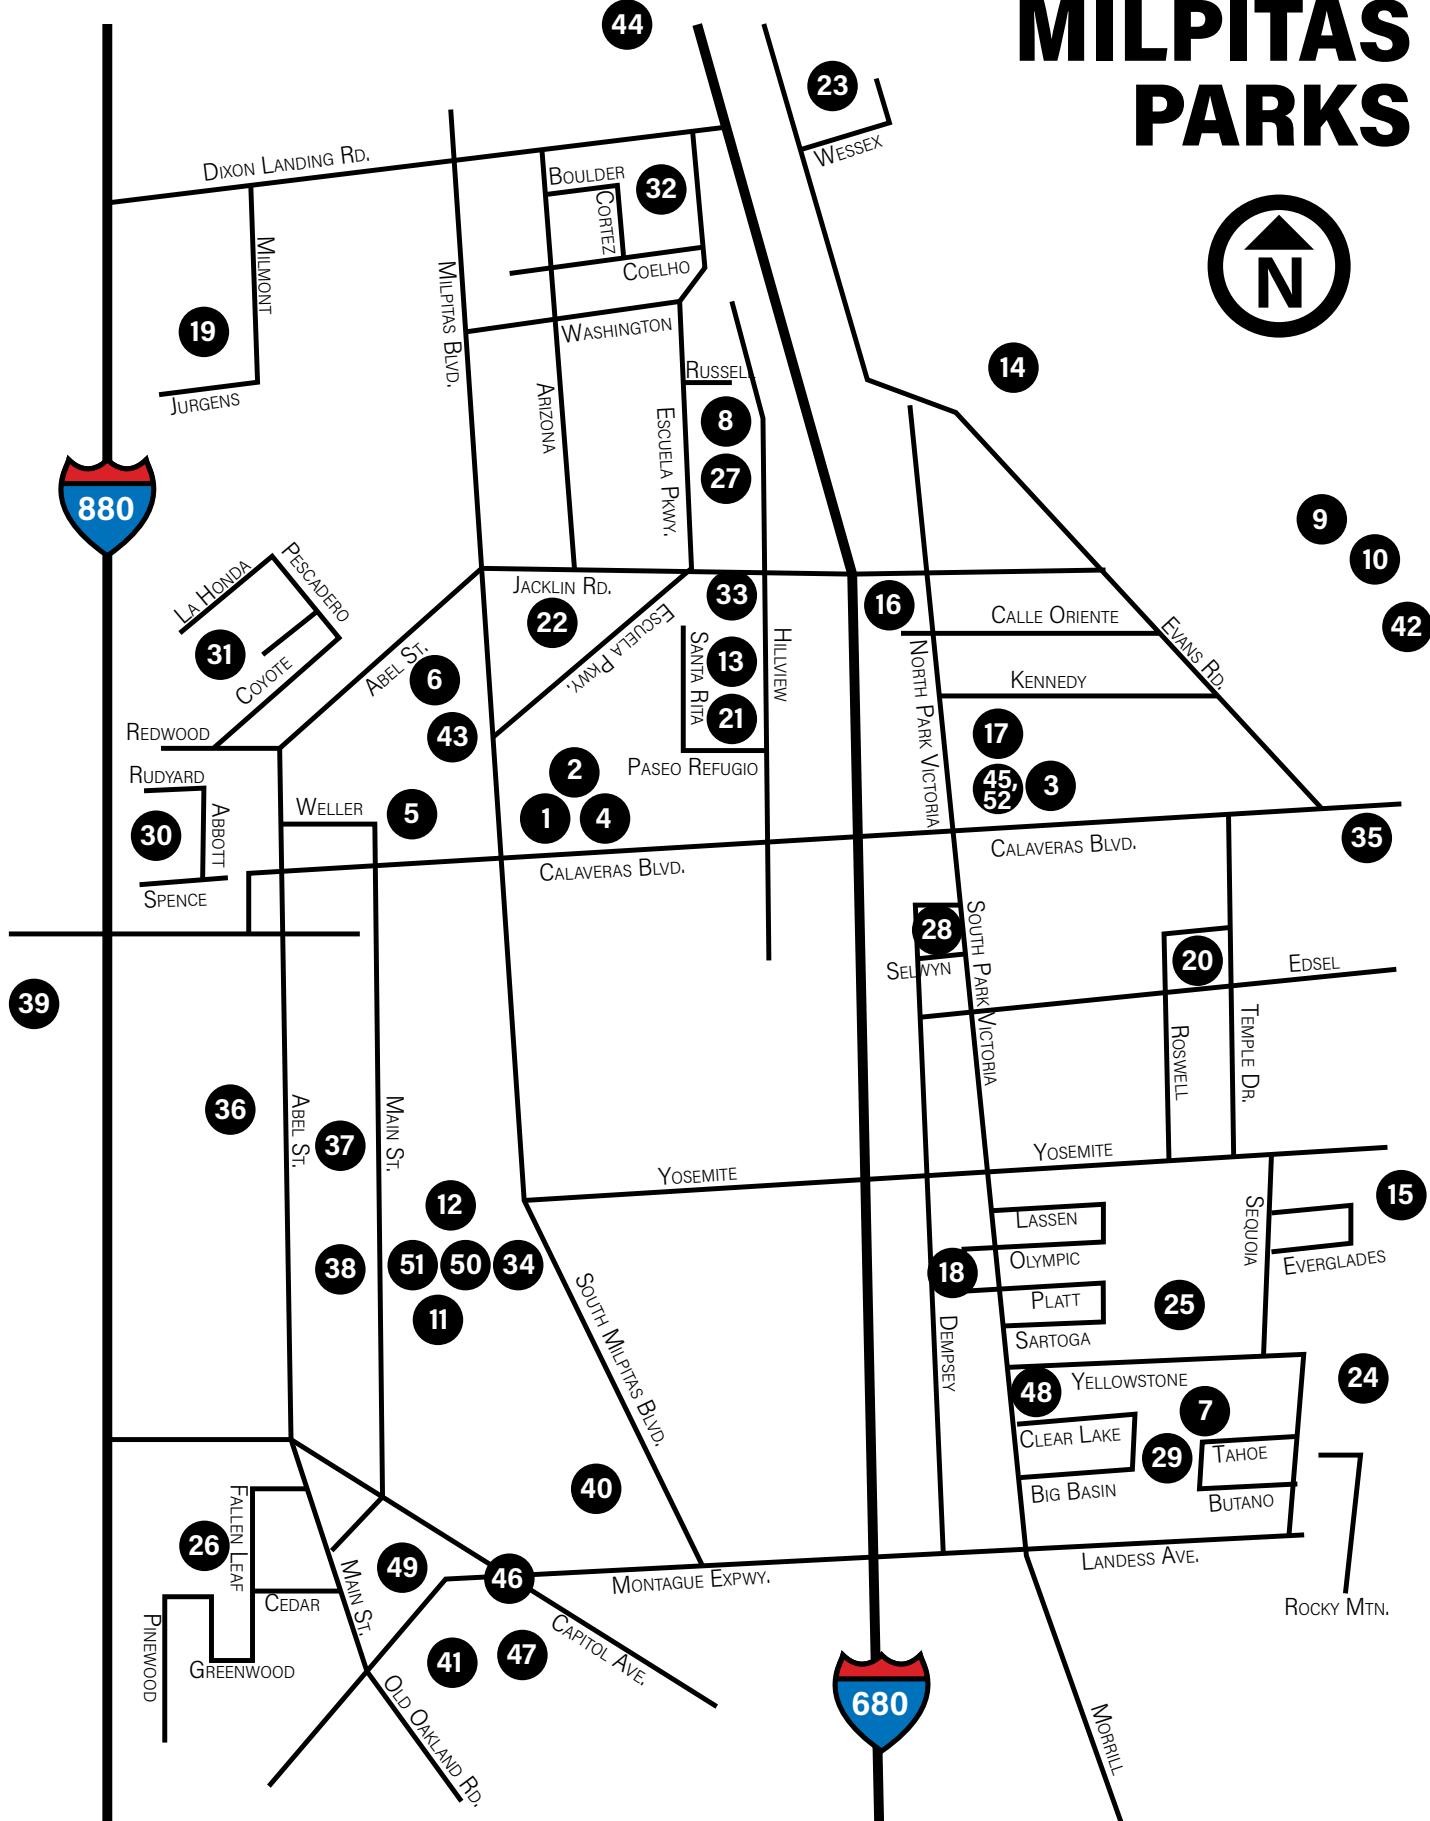

Located at Jose Higuera Adobe Park,
Wessex Place, off North Park Victoria

A recent addition to Milpitas' public art collection resembles a large granite millstone. The sculpture evokes the ranching period in early California history when this land belonged to Jose Loreto Higuera (1778-1845) and was known as Rancho Los Tularcitos or "place of the little tules." Ancestral Muwekma Ohlone Indians from the Alson Tribe were the original inhabitants of this land. They used tule reeds to make boats, baskets, dance regalia, and housing. Engravings of the plant can be seen on both faces of the sculpture. The texture on the circular concrete podium is intended to evoke Ohlone baskets. The sculpture's window invites people to look through and gaze at the historic adobe building on one side and the beautiful landscape on the other side. Metaphorically, it is a window to the past and also to the future, united in the present.

This sculpture honors longtime Milpitas Arts Commissioner Larry Voellger, a tireless advocate for quality multicultural visual and performing art here. He helped establish the Art in Your Park program, which introduced Milpitas to public art.
