

Emergency Public Information in Milpitas

How it works...

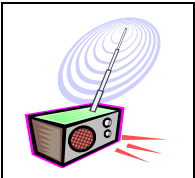

When an emergency occurs in Milpitas the Police and Fire departments can alert you in several ways.

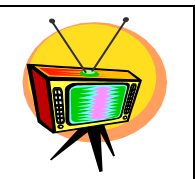

Community warning sirens are located in the NW and SW parts of Milpitas. When you hear the sirens, go to a safe place, close all doors and windows, turn off air conditioning and turn your radio to 1620 AM for information.

The Teleminder system can phone selected homes and businesses with a message to turn radios to 1620 AM or televisions to cable channel 15 to obtain information.

The City's radio station on 1620 AM broadcasts information about Milpitas 24 hours per day and is your primary source for information in the event of an emergency.

Cable channel 15 broadcasts information about Milpitas 24 hours per day and will be an important source of information in the event of an emergency.

The City's web site (www.ci.milpitas.ca.gov) will carry important information in the post-disaster recovery phase.

Remember... When you hear community warning sirens, go to a safe place, shut doors and windows, turn off air conditioning and turn your radio to 1620 AM.

If you hear a siren, do not call 9-1-1 unless you have a life threatening emergency.
