

New Street Cleaning Pilot Program Coming March 1st

To keep our streets clean, the City is implementing a Pilot in your neighborhood where **NO PARKING** signage is used to clear streets for street sweeping.

No Parking Signs

We will be installing No Parking signs in your neighborhood with a specific two hour window for moving cars for street sweeping. Check the signs in your neighborhood for actual times.

How Can You Help?

Move your car! It's that easy! Check the newly installed signs for details. You can run an errand or move to other side of street. That will allow the sweeper to access the curb and more fully clean the street.

More Program Information
